Problem Statements (Customer Problem Statement Template):

Many students struggle to learn effectively because their emotions affect their focus and motivation. The **Emotion Detection & Learning Support Engine** detects emotions from text and provides personalized learning support and motivational guidance to improve the learning experience.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student using an online learning platform.	Improve my learning and exam performance.	I lose focus and motivation while studying.	My emotions affect my learning.	Stressed and frustrated.
PS-2	A student preparing for exams.	Get learning support based on my needs.	I do not know how to manage my emotions while studying.	Most learning systems do not understand my emotional state	Confused and less confident.
